\$75,000 TO BE PAID FOR 41,000 TREES

BIG DEAL IN EASTERN KENTUCKY WHEREBY OAK WILL BE MADE INTO BARREL STAVES.

One of the largest timber deals made in Eastern Kentucky in years, the purchase of 41,000 trees in waters of Shelby creek, Pike and Letcher county, for about \$75,000 by the W. J. Fell Company, of Ashland, is announced by Vice President John W. Kitchen.

The trees, all oak, will be manufactured into barrel staves, in the mountains, and shipped to the Fell Company's plant at Ashland to be finished ready for shipment.

The big block of timber was secured by the Fell Company from F. C. Meekins, trustee, of Pike-co. It will be cut up by the Fell saw mills, which are scattered through the mountains of Eastern Kentucky and Southern Virginia. Work on the cutting starts at once.

Speaking of the lumber market, Mr. Kitchen declared that while the demand for the general grades is poor, the barrel stave business has been considerably stimulated by the European war.

Mr. Kitchen said his company is selling all staves to oil companies which are shipping oil to the allies in wood. The lumber man pointed out that tank steamers in which oil is usually shipped cost several million dollars and for this reason the shippers fear to risk them on the seas because of torpedoes of Germany. By putting the oil in barrels it can be placed on cheap vessels, which it shipped, are not such a loss at the end of tank steamers.

The Fell plants are turning out 100,000 staves a day, according to Mr. Kitchen, and even at this tremendous rate of output are scarcely able to supply the oil companies' demand.

The timber shipping rates have increased from 300 to 450 per cent. since the war started, according to Mr. Kitchen. He declared that the prohibitive rate has almost abolished exporting, thus ruining the lumber business.

There is considerable demand for railroad ties from abroad.

TWO SPENCERIAN EVENTS.

Last Thursday afternoon and evening were very pleasantly devoted by many society people of Louisa to the enjoyment of two autumn and festive events. One was the Finch party given to 16 lovers of the delectable and innocent game. The handsome interior of the elegant home of Mrs. D. C. Spencer was bright with flowers and gay with the presence of handsomely gownned women. The blue or two games were warmly contested, and at the finish coffee, cream and cake of delicious flavor were deftly served by the hostess, assisted by her daughter, Mrs. Ethel Cain and Opal Spencer. "We had a perfectly lovely time" was the expression of every guest as she said good by to her host.

Two or three hours later the same spacious apartments were gay with the presence of thirty or more of Miss Opal's girl and young men friends. On this occasion the Finch party was relegated to the shelf and five hundred and Rook furnished the cheerful crowd with its pastime. These games were played until the cards gave way to steamed lunch cloth, a token that something good to eat was coming. The token did not fail. Better ice cream, coffee and cake are not often served and better appetites were never found. In all particulars Miss Opal's party was a happy success.

DR. ALEX. PARSONS SLAIN.

Dr. Alex. M. Parsons, age 49, who formerly resided in Catlettsburg, was shot and instantly killed Sunday evening at Branchland, W. Va., by an unknown assailant after he had shot and mortally wounded J. W. Brella, age 52, a prominent farmer of Branchland.

The double tragedy occurred, it is believed, over a doctor bill which Brella is alleged to have owed Parsons and refused to pay.

Dinner College, 18, has been arrested in connection with the murder and the authorities are looking for Noah Brella, 20, son of the man who Dr. Parsons shot.

PAINTSVILLE JUDGE TO TRY TAYLOR MURDER CASE.

Somersett, Ky., Oct. 7.—Gov. McCreary has designated Judge A. J. Kirk, of Paintsville, to try the case of Frank Taylor, charged with the murder of a farmer in the Bourbon district of this county following a political argument last August. Taylor at the time of the murder was speaking in behalf of the re-election of Judge H. F. Bethurman, of this city. Judge Bethurman was present at the time of the killing and consequently was not eligible to sit in the trial.

Mrs. J. E. Bahan delightfully entertained with a miscellaneous shower in honor of her sister-in-law, Mrs. Charles M. Scott. The rooms were effectively decorated for the occasion in fall flowers. Five hundred was the chief diversion of the afternoon. After a delicious luncheon at five o'clock the guests proceeded to another room in which a clothes line was strung and on it were pinned many beautiful gifts for the bride.

Born in Williamson, W. Va., recently, to Dr. and Mrs. George Conley, a son—Patrick Henry.

FATAL SHOOTING AT MATEWAN.

Tom Chaffin died Monday in the miners hospital at Welch from pistol wounds sustained at the hands of Elmer Muncey. It is stated that there were no eye witnesses to the shooting although a number of people were in the neighborhood, the scene being the West Virginian side of the bridge leading to R. W. Huskirk's booze joint opposite Matewan.

Chaffin was struck three times, two of the balls penetrating his intestines, the other passing through the liver. Dr. Wm. H. Triplett rendered medical attention and also accompanied the wounded man to the hospital, assisting later in the operation which was performed in the hope that the young man's life might be saved.

Before the operation was attempted Chaffin's dying declaration was taken and it is stated it tends to establish against Muncey a strong case of unwarranted murder. The dying boy declared that some weeks before he and Muncey had a difficulty in Kentucky but that they had met later and apparently had made friends.

On Sunday night, shortly before 12 o'clock, Chaffin states that Muncey came up to him near the bridge and said, "You had the advantage over in Kentucky but it is my turn now."

With this Muncey fired. Chaffin claims that he attempted to run. Muncey made no attempt to escape but proceeded to Matewan where he found A. D. Hatfield and gave himself up. He was brought to jail here and so far no effort has been made to secure bail for him.—Milgo Republican.

INJURED IN A MINE ACCIDENT NEAR PAINTSVILLE.

Two victims of a mine accident at Stambaugh, near Paintsville, George Burckett and Willard Akers, coal miners, were taken to the Keller hospital, fronting last night. Both had sustained compound fractures of the right and left legs, and were in a serious condition. Burckett's injury is especially serious, and it is feared that amputation will be necessary, although everything possible will be done to save the limb. It was announced at the hospital.

The young men were brought to Ashland on the C. & O. train and were met there by ambulance and taken to fronting. They were accompanied by Dr. Harry Stambaugh, who resides near the scene of the mine accident, which occurred Thursday afternoon.—Independent.

TO GREET REV. AND MRS. KEITH.

The reception given by the Missionary Society of the M. E. Church, South in their Sunday school room on Friday evening was a brilliant success, notwithstanding the inclemency of the weather.

This beautiful affair was in honor of the Rev. and Mrs. R. M. Keith, who but recently took up their new abode in our city, the Rev. Keith having the pastorate of the M. E. Church, South.

The Sunday school room which was thrown open to the guests on this occasion lent an attractive appearance to its decorations of goldenrod and autumn flowers placed in conspicuous places.

The receiving line constituted Mrs. W. B. Evans, Miss Lillian Eastman, Mrs. Harry G. Marcum, Mrs. Keith and the Rev. Keith.

During the course of the evening a musical program was very ably rendered by the church, talent provided one of the enjoyable features as also the delightful refreshment course of ice cream and cake.

Rev. and Mrs. Keith are a lovely couple and their presence among us will be a great uplift to both our church and our community.—Ashland Independent.

EASTERN KENTUCKY AWARDS ROAD CONTRACTS

ROAD CONSTRUCTION BEGUN IN MOUNTAIN SECTION OF THIS STATE.

Whitesburg, Ky., Sept. 25.—The real beginning of a good roads campaign was launched here yesterday, when the Letcher Fiscal Court let contracts for several miles of good roads leading out from this city in several directions.

J. J. Brady, a contractor of Jackson, Ala., was awarded the contract on a mile and a half leading from Whitesburg toward mouth of Colly creek, which is to be built by State aid, this being the first piece of road in which the State appropriated aid to be built in the Eastern Kentucky coal fields. This aid came about through the persistent efforts of County Judge Henry T. Day and the members of the Fiscal Court, who prevailed upon the State Department to start the work in the new Kentucky coal fields. Owing to the large increase in population and the extensive development work under way the development of the vast coal and timber wealth, they insisted, made it more imperative that this section receive State aid.

This will be the beginning of a great amount of road building to be done by the State throughout this rapidly-developing section, as a number of counties, including Perry, Knott, Pike, Harlan, Leslie, Breathitt, Lee and Powell, are likely to vote bonds necessary to get this aid from the State.

The Letcher Fiscal Court here yesterday also awarded contracts to Nutt Dale of Columbia, Ky., for the construction of a good-sized stretch of model roadway in the vicinity of Koma Station on the Louisville & Nashville Railroad above here, forming a connection with the five-mile section recently built between Mayking and Koma. The work on all the road-building in the county is to start off immediately, so as to gain as much headway as possible before the advent of bad weather.

Eastern Kentucky, including Bell, Knox, Whitley and Laurel, which have already voted bonds, will spend several million dollars in good-road building within the next few months. The work in these counties having already gained much headway. Other counties are falling into line with the work—others with the enthusiasm and determination that is sure to result in a system of good roadways for the near future.—Manufacturers Record.

JNO. S. MARCUM MAY RUN FOR PROSECUTORSHIP.

It has been reported quite often of late that none other than Hon. John S. Marcum, prominent Huntington attorney, will enter the race for prosecuting attorney of Cabell county. Consequently, on Wednesday, Col. Marcum was asked whether or not he expected to become a candidate.

"It may be," was his answer, indicating that while he has not fully made up his mind, he is at least considering the possibility of entering the race.

It was recently suggested in the Norfolk & Western district that he become a candidate for governor. The other alternative is much more likely, Mr. Marcum said. He is known as one leading criminal lawyers of the state and is a forceful prosecutor.—Herald-Dispatch.

TWO BLACK EYES.

BOOZE GETS A PAYMASTER INTO TROUBLE.

A stranger, who said that he was paymaster for a West Virginia coal company, was arrested Monday night on a disorderly charge. When searched \$24.50 was found on him, as was also a pay roll calling for \$1608.

The man said that he had come to Ashland from Kenova, where he had misused his train, and after reaching this city had taken several drinks, and that he had left a big roll of money in one of the saloons for safe keeping.

An investigation proved that he was telling the truth. He had left the roll of bills with Orlando Hammonds, who had thrown it in a drawer without counting it. The roll contained \$1580, which Attorney C. R. Levi expressed to the paymaster paid the usual fine and costs this morning and was released.

Prior to his arrest he was found leaning against the Merchants Bank building by S. J. Click, whom he told about leaving his money in a saloon, the location of which he had forgotten.

Although the man's story sounded more like the imagination of a drunk man than the truth, Mr. Click was impressed with the stranger's personal appearance and was trying to get him sober so that he could hunt for his money, when Officer Green arrested him, complaints having reached police headquarters about his actions before Mr. Click took him in charge.—Ashland Independent.

A VAN LEAR INCIDENT.

A Pollock from Van Lear, applied to Judge Kennedy last evening for a warrant for the arrest of Mrs. Frank Morinsky and Tom Morinsky, claiming that they had left Van Lear while his friend, the woman's husband, was busy at work in a coal mine, and that the woman had checked \$200 out of the bank where her husband had deposited it.

The accused and the woman's young child were in the court room at the time the request was made. Both denied any wrong doing, and claimed that the young man was enroute to Cleveland and the woman to her home in Pennsylvania.

The woman, who was unusually pretty and attractive, did not deny leaving her husband, but claimed the money she had taken had been made by her keeping boarders. She said she had left her husband because he was cruel to her, and that they had divided the children, she taking one and he two.

Judge Kennedy held that he had no jurisdiction in the case and advised the complainant to permit the couple to go their way in peace and to watch for developments.—Ashland Independent.

On last Thursday afternoon, Chon Layne, a merchant at Whitehouse, shot and wounded Green Bartram of Martin-co. The trouble originated in the store of Mr. Layne with no one present except Layne and Bartram.

Layne was arrested by town Marshall, Sam Gullett, and brought to jail Thursday night and placed in jail to await his examining trial, which was given him last Tuesday before Judge A. V. Vaughan in which Layne waived the examination and his bond was placed at \$1,000.—Frestonsburg Post.

THREE PROMINENT YOUNG COUPLES MARRIED

LOUISA PEOPLE ANNOUNCE WED- DING WHICH OCCURRED IN JULY.

Mr. and Mrs. Lindsey Waller announce the marriage of their daughter
Herma Louise
to
Mr. Fred Dixon
on Thursday, July first
Nineteen hundred and fifteen
Louisa, Kentucky

The identity of the bride is made known in this announcement. The groom is a well known watch maker and jeweler of this city and is the son of postmaster and Mrs. Robt. Dixon. The bride is one of the pretty daughters of Mr. and Mrs. Lindsey Waller, of Fort Gay, W. Va., and was a popular teacher in this county. Both are worthy and highly respected young people and take with them in their new relation the best wishes of their many friends.

The Rev. Lave Walter, a well known Baptist minister of this county and father of Dr. C. B. Walter, of this city, had a rather odd experience on the 22nd of last month. He had gone to Virgie, Pike-co., and while there he united in marriage his niece, Miss Lexie Lenore Walter, and Mr. John-son, of Pike-co. The marriage took place at the home of the bride's father, Dr. E. P. Walter. The preacher then took the down train, expecting to get off at Whitehouse, but on the train he met another niece, Mrs. Elizabeth Walter Williamson, and Mr. Harry Stambaugh, who were matrimonially inclined. So they all came to Louisa and went to the home of our Dr. Walters where they were made one. They remained at the doctor's until the next day, when they returned home.

One of the new brides is a daughter of the Rev. Walter's oldest brother, and the other a daughter of his youngest brother.

MRS. HOWARD SENT TO THE PENITENTIARY.

Last week Sheriff J. E. Mynard, of Martin-co., passed through this city, having in his charge Mrs. Columbia Howard, who had been sentenced to the penitentiary for a term of 7 to 15 years, for the murder of her husband, Jack Howard, on the night of the 13th of June last.

The crime was committed on Wolfe creek, in Martin-co., Ky., and was the outcome of alleged jealousy. Mrs. Howard claims to have done the killing accidentally, when her husband threw a poker against the gun. The gun was discharged of its load, the full charge entering Mr. Howard's head tearing off the top of his skull which was found in the yard.

HOSPITAL NOTES.

Mrs. Thomas Deskins, of Johns creek, who has been at Riverview hospital for several weeks for treatment, was Wednesday operated upon for the radical relief of her trouble. The surgeon, Dr. L. H. York, thinks her entire recovery is assured.

Mrs. Goble, of Prestonsburg, was taken to the hospital Wednesday, suffering with typhoid fever. She is a daughter of Brownlow Huff, of this city.

Contrary to all expectations, Mack Thompson, the young man who was so badly wounded in a shooting affray at Kernit Sept. 27, seems to be in a fair way to recover.

COUNCIL PROCEEDINGS.

City Council met in regular session on last Tuesday evening. Outside of the routine business not much was done. Several claims were allowed and ordered paid. Eldorado yearly theater licenses was raised from \$15 to \$30. When the admission is more than 10 cents the fee is \$2.50.

COURT OF CLAIMS.

The magistrates of Lawrence county were in session this week sitting as a Court of Claims. Some other matters were also considered. Among them was the question of purchasing the old C. & O. bridge at Three Mills for a County Bridge, free of toll. There was much discussion of the proposition. On Wednesday the Court visited and viewed the bridge, the approaches, right of way, etc.

At the time this was written the court had not arrived at any conclusion.

WAR ON ILLITERACY.

Sam J. DeFord, who is over interested in the welfare of the prisoners and has been instrumental in having prisoners of scholarly ability instructed the unlettered unfortunates, is taking active interest in the illiteracy campaign here, and especially the jail. He is going to determine the number of illiterates now in jail and take steps toward their enlightening. He was active in the matter of having the famous quintette of Halls, who were incarcerated for so long on the charge of killing the revenue men Ramey and Sloan, instructed. Mr. Gardner of Magoffin-co., being their chief instructor. They proved to be apt pupils, not even knowing the alphabet when their tutelage began. They were soon able to write their own letters home and to read the ones they received. So much for the "gaslight" school instructed by Mr. DeFord in the jail, and 'tis to be hoped the moonlight schools will be as productive of good.—Independent.

A NEW DEPOSITORY.

A new depository for the storage and consumption of high-class food-stuffs was opened Tuesday night in the building next below the residence of Mr. R. L. Vinson, on Madison street. This place did a rattling good business on the opening night and the proprietors are much pleased with the outlook for the future. To drop figures and get down to facts, the place of business is the paragonage of the M. E. Church, South, and the proprietors are the new pastor, the Rev. L. E. McElowney, his good wife and three healthy boys, four of a kind when the other one, the young collegian, comes from Barboursville. Mrs. McElowney and the boys arrived by the evening train from Ashland, and after supper the "patrons" of the firm began to arrive. They came singly, by twos and by squads, each bringing something good to eat. The articles were placed on tables and on chairs until the place resembled the inside of a first-class grocery and provision store. Nothing had been left out which might add to the inside comfort of the family or that thoughtful kindness could provide. Nearly all the donors had met the popular pastor, but his attractive wife was a stranger to all. But not for long. He—gentle, refined manner, her evident pleasure at meeting so many of her husband's congregation, and her warm hand-clasp made instant friends of all.

It was a very pleasant occasion to all concerned.

FIRE RUG.

TAKE "CASCARETS" IF HEADACHY, BILIOUS AND CONSTIPATED

BEST FOR LIVER AND BOWELS, BAD BREATH, BAD COLDS, SOUR STOMACH.

Get a 10-cent box.

Sick headache, biliousness, coated tongue, head and nose clogged up with a cold, always trace this to torpid liver, delayed, fermenting food in the bowels or sour, gassy stomach.

Poisonous matter clogged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, swelling, sickening headache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the constipated waste matter and poisons in the bowels.

A Cascaret to-night will surely straighten you out by morning. They work while you sleep. A 10-cent box from your druggist means your head clear, stomach sweet and your liver and bowels regular for months.

BUCHANAN.

Our county in and around here is beginning to look very prosperous, owing to a large vein of coal which is being drilled just across the river.

The Sunday School Association which convened at Buchanan chapel Saturday, was very successful. The crowd was not so large as usual but seemed to be more enthusiastic. Dinner was on the ground in abundance.

Zack Bellomy, Supt. of the Zelda Sunday school felt highly complimented and felt that his hard work had not all been in vain, when the District secretary reported that their school, was far superior to any other in the District. This gave him encouragement to work still more.

T. T. Paul passed through here a few days ago in interest of the Kentucky Orphan's Home.

Sorghum making is the only go now and the young folks make it their loufing headquarters.

We are very much pleased with our new pastor, J. H. Dawson, On Monday night their many friends gathered at the parsonage each taking a pound or more of eatables.

EVANGELINE.

BIG ENGINES.

On Saturday last one of the big Mallet locomotives intended to be used on this division of the C. & O., passed through Louisa on its way to Baltimore.

It went down again in the afternoon, pulling an enormous train of loaded coal cars. This engine, with its tender, is about 90 feet long. One may get a good idea of what 90 feet long is, by noting that it is 15 feet more than the distance from the Louisa National bank to the court house fence across the street.

It is said that eight or ten of these engines will soon be in use on this division. Their name is pronounced as if it were spelled "Mullay."

Just look for JAKE'S store if you want to save your hard earned dollar. Warning in advance! You may see people who have worked for us in the past trying to deceive you, claiming "Jake is just out" and trying to make you believe it is JAKE'S store. Beware of those people. Always ask for JAKE and see that JAKE is there. These things have been done in the past. Now, this is to your interest as much as mine. Other people may talk to you very nice treat you with courtesy as well as I do, but it is the prices that you are looking for. Will say again, beware of those kind of people. Look for the big signs bearing the name J. ISRAISKY. That is the only Jew store in Louisa. Near the C. and O. depot.

TO THE VOTERS OF LAWRENCE COUNTY.

Since talking with quite a number of my friends and acquaintances of considerable influence, and believing that I have a good chance to win, I have decided to make the race for Sheriff in 1917. I have never asked for any office before and if the Republican party will assist me in becoming the nominee in the primary I will assure them of victory in the final race. Earnestly and sincerely asking the support of our party, I beg to remain, respectfully yours,
H. B. MUNCY.
9-17-31.

A. O. Stanley, in an address at Warsaw, replied to attacks on Gov. McCreary and flayed those who have sought to besmirch his record.

Judge Redwine and John H. Waugh are officials of experience and ability and they will be re-elected by at least the normal majority of the district.

Even though the Democrats may feel confident of success all along the line on November 2nd they should turn out in full force. Overconfidence is a very dangerous condition.

Chammy Clark declares that the people have absolute confidence in President Wilson, and that they will not drop the pilot of the ship of State in mid-ocean.

When Emmett Logan, formerly of the Louisville Times quit newspaper work and went to his farm he wanted a cook. This was what he advertised for—and got: "A wanted—An old nigger cook for a farm. No milkin'. No washin'. Nothin' but cookin', eatin' and sleepin'."

Next year President Wilson's name will head the national ticket again and Kentucky must be in position to give him a large majority. The result in the State election this year will have an important bearing on what happens then. Democrats should remember this fact as an additional reason for turning out in full force at the election next month.

LETCHER COUNTY AND WHITESBURG.

WHITESBURG, KY., Oct. 5.—The Letcher County court convened Tuesday with County Judge Henry T. Day presiding, a very important term during which several interesting cases will be tried out. The court will be in session the remainder of the week.

Judge John F. Butler will open tomorrow his speaking tour of Letcher county in which he will speak in each of the eight voting precincts of the county, owing to the fact that Attorney David Hays his democratic opponent of this county was compelled to be in Frankfort he could not accept his invitation to divide time with him.

A goodly number of Letcher county people will hear the Hon. A. O. Stanley democratic nominee for Governor speak in Hindman and Hazard Wednesday and Thursday. It is with much regret that Mr. Stanley could not cover Whitesburg in his campaign in Eastern Kentucky.

Ed Taylor, who was thought to be fatally stabbed during a drunken row at Neon in this county last week by a man named Banks from Morgan county is said to be doing nicely. A gash five inches or more in length was cut across his body, to the hollow, injuring his lungs, according to physicians that dressed his wounds. It is believed now that Taylor will recover.

Uncle Reuben Amberg, good old citizen of the Carr's Fork section of the Knott county border is dead in his home after a long illness. He was a little over 80 years old, being one of the best loved old men in our neighborhood county, and leaves a large number of descendants.

There is continued improvement in the coal mining business over the whole of the Elkhorn field. Considerably more coal is now going down the L. & N. than ever before in the history of the development of this section. It is said the railroad people are now handling over 500 cars a day on the new L. & N. extension between Jackson and Meltoberia, two-thirds of which is going out from the Letcher county field. Perry county comes in with a good slice of the tonnage. And still the haul has not been told.

It is now said to be practically certain that the L. & N. people will build the much-talked of branch road up Colly creek an important coal and timber section immediately above this city. It is given out that a contract will be awarded within the next 30 days for the construction of the very important branch. Engineers for the past sixty days have been locating the road.

Some rich properties of The Mineral Development Co., The Consolidation Coal Co. and other corporations will be reached by the new branch.

The Coeburn Lumber Co., of which L. E. and Henry Jackson are managers at Mayking in this county have just closed deals on a good sized timber boundary on Sandlick, a few miles from this city and will begin immediately its development. The company's Mayking mill will be moved onto the property. Sam H. Hart of Colly will have charge of the new work at Sandlick.

Whitesburg is starting the work of improvement in dead earnest, building sidewalks, grading streets, etc. At this time sidewalks are being laid down from the First National Bank building along the east side of main street to the M. E. Church building. Other sidewalks besides street improvement are to follow. Whitesburg is keeping abreast of the times, the industrial development of the vast resources of the county. The town will also soon boast of a magnificent new high and graded school building on College Hill, east end, as work is now being rushed rapidly forward by Franklin & Bros., the contractors. Within sixty days the outside brick work will be completed with the inside finishing touches to follow which can be carried on without interference during the winter weather.

A large number of Letcher county witnesses, attorneys and others left here for Frankfort where they will appear for The Mineral Development Co. against The Kentucky Coal Lands Co. of New York.

The litigation covers something over 20000 acres of rich coal and timber lands lying along Line Fork creek in the southern end of the county, now very valuable, valued at several million dollars. The suit has been pending for some time, considerable money having already been spent in the suit.

Several cases of diphtheria prevail in different sections of the county. Two or three deaths have occurred so far. It is feared that a general spread will result.

Farmers in Letcher county complain of their corn being blown down in the heavy winds which prevailed Friday night of last week. In some sections whole fields were leveled. Other damage reported from different sections, also.

Every new shape is represented, every late idea carried out in this collection. The collection is fresh and complete and unusually satisfying.

The prices are very moderate, indeed.

25 CENTS DESTROYS YOUR DANDRUFF AND STOPS FALLING HAIR

SAVE YOUR HAIR! MAKE IT THICK, WAVY AND BEAUTIFUL—TRY THIS!

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scourge. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness, but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy half-new hair—growing all over the scalp.

A LOUISA INTERVIEW

MR. PIGG TELLS HIS EXPERIENCE.

The following brief account of an interview with a Louisa man over six years ago, and its sequel, will be read with great interest by every citizen.

It is Pigg, thinner, Cross St. Louisa, says "For several years I was subject to severe backaches. I had much trouble in passing the kidney secretion. Sometimes the secretions were profuse, then again scanty and highly colored. Doan's Kidney Pills, procured at the Louisa Drug Store, gave me the first relief I had received. After using this medicine, I enjoyed better health and entire freedom from kidney troubles." (Statement given June 21, 1915.)

OVER TWO YEARS LATER, Mr. Pigg said, "I have been well since using Doan's Kidney Pills several years ago."

Price 50c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the name that Mr. Pigg has twice publicly recommended. Foster-McMillan Co., Props., Buffalo, N. Y.

How Do You Buy Roofing?

If you are in the habit of asking your dealer simply for some "Ready" Roofing or "Rubber" Roofing, you will probably get a roofing that is not guaranteed, or one made by an unknown manufacturer, or one which will begin to leak a few years after it is put on your roof. You avoid all these risks, save money in the long run, and get a manufacturer's guarantee of 10, 15 or 20 years, according to thickness, backed by the best responsibility when you insist on

Certain-teed Roofing

Why be satisfied with an unknown or poor quality roofing when you get **Certain-teed** for only a few cents more per square? By reason of the enormous output of our big mills—the largest Roofing and Building Paper Industry in the world—we can sell this guaranteed Roofing through our dealers on a reasonable price basis.

It is simply a question as to whether you will insist on the best or take what you get. A man never gets anything unless he asks for it, and as long as you ask merely for a roll of Roofing, you are running a chance of getting your money's worth.

Insist on **Certain-teed**, the original guaranteed asphalt Roofing, and get your money's worth.

PIKE COUNTY NEWS.

FELL FROM BRIDGE.

Elvin Estep, a boy from Beaver creek, while crossing a railway bridge at Shelby last Friday with his brother on their way to Jenkins fell from the bridge and fractured the collar bone and received other painful injuries.

The bridge has a foot path at the side of the tracks, but Estep was walking on the opposite side. He made a mis-step and stumbled his toe, which precipitated him to the rock bar 60 feet below. He is yet in a critical condition.

TWO DROWN WHILE RUNNING TIMBER.

A report says Jasper Williams, about 60 years old, and John Taylor, two experienced river men, were drowned while running timber in the Levisa fork last Friday. According to the account of the accident reaching here, Williams and Taylor were engaged in bringing a raft of oak timber out of the Levisa fork, and the raft went to pieces on a bar or underdrift, and the water being very swift and at high tide, the loose logs ran riot crashing against each other with sufficient force to grind a human body to pulp. In this maelstrom the men, though good swimmers, had no chance for their lives, and disappeared from sight, and a number of spectators were said to be on the shore unable to help them. Parties of searchers have been watching for the bodies and making diligent efforts to find them, but so far without avail, it is said.

The men had families and lived near the mills of the Nye Lumber Co., on Levisa fork.

This information was obtained from several reliable sources, but it has been denied by several persons living on the Levisa fork, who say they know nothing of the alleged drowning.

AUNT TILDA WILLIAMS DIED SUNDAY.

Aunt Tilda, wife of W. Henry Williams, livery-stable owner of Pikeville, passed away at her farm on John's creek last Saturday, after an illness extending over several weeks.

Mrs. Williams had been in a failing health for several years prior to her death, and general infirmities are given as the cause. The news of her death brought deep regret and sorrow to many of her neighbors and friends at Pikeville, in whose regard she held a high place. She leaves a number of

children, among whom are Robt. Williams of this city and Mrs. Sallie Hatfield and Mrs. Jack Akers, both of John's creek.

The remains were laid to rest in the cemetery at the farm, with many people from the neighborhood and also from Pikeville present to pay their last tribute of respect to a good mother, kind neighbor and friend.

The address was one of great interest and instruction.

DAMAGE SUIT SETTLED.

Frederick H. Overstreet settled his case in damages against the C. C. & O. late last week for \$1,500 clear of all expenses for injuries received while working at a rock crusher at Elkhorn City last November. Overstreet is now visiting his sister, Mrs. Wm. L. Rowling, at Pikeville.

ANALYSES SHOW STRYCHNINE.

The stomach of Conn McCoy, who died suddenly on Raccoon creek three weeks ago, was taken out by post mortem operation and sent to the State Board of Health together with a small quantity of the whiskey he was said to have drunk from. Both the contents of the stomach and bottle were analyzed, and affidavits of the physicians making the examination were returned to Coroner Cavins here last week asserting that the whiskey and stomach contained strychnine.

The wife of the deceased man is held in the Pikeville jail in connection with the death of her husband.

TWO COUPLES WED.

Among a number of weddings that have taken place during the past ten days in Pike-co, two unions of unusual interest are as follows:

Mrs. T. H. Harman, left Wednesday to attend the State Sunday School Convention which met in Louisville on the 7th and continued over to the 9th. Mrs. W. W. Gray also left for Louisville to attend the convention Thursday.

TIED GAME.

The baseball team of the 7th and 8th grades of the Pikeville graded school played a match game with the high school team at the Ball Park Monday. Bad weather put a stop to the game in the 7th inning when the score stood 4 to 4. If the weather is favorable, the game will be played over again at the Ball Park tomorrow.

YOUTHFUL REVIVALIST DELAYED; ARRIVES MONDAY.

Rev. Ralph Grizzle, the 17 year old boy pastor of Chesapeake, Ohio, who is to take charge of the series of Holiness meetings now in progress at the Island creek tabernacle, has been delayed, and will not reach here until Monday. He was to have opened the meetings Wednesday, but as he did not come, the meeting was formally opened by Rev. M. C. Reynolds and others.

Young Grizzle will be on the job Monday, and he will be assisted by his brother, Rev. Vernon Grizzle, who is now pastor of the Helder church.

PRINCE ALBERT

the national joy smoke

is such good tobacco you feel like you could just eat the smoke!

Yes, sir, P. A. puts a razor edge on your smoke-appetite-division that's nobby enough to be photographed! No other pipe and cigarette tobacco can be like Prince Albert, because no other tobacco can be made like Prince Albert. The patented process fixes that—and removes the tongue-bite and throat parch! Let that digest!

The toppy red bag, 5c

For you can put your little old blue-pencil O. K. right here that Prince Albert is a regular double-header for a single admission—as joy's to your tongue and taste one way as the other!

Will the "rollers" kindly step forward for a spell and get some of this listen into their systems? Because Prince Albert certain and sure jams more joy into a makin's paper than ever before was figured up on two hands!

In the plain language of the hills, you can't any more resist such makin's tobacco than a bullfrog can pass up a piece of red flannel! Because P. A. hands to you everything any cigarette roller ever dreamed-out—rare flavor, and aroma, and mildness, and body; absolutely the best bet—the best smoke

And that line of conversation is 24 kt., whether you play P. A. in your old jimmy pipe or roll it into a makin's cigarette.

you or any other man ever did roll and put the fire to! Men, we tell you to wise up.

P. A. is crimp cut and stays put—which means rolling P. A. is as easy as falling off a log. And it's good to remember P. A. is put up in the toppy red bag especially for you "rollers." Sells for the price of a jitney ride, 5c.

Now, will the "pipers" kindly open both ears?

Here's tobacco that has made it possible for three men to smoke pipes where one smoked before!

Any way you hook it up, Prince Albert is tobacco insurance! Yes, sir, it guarantees your future as well as your present smokings! And just makes your tongue so jimmy pipe joy's that your smoke appetite grows whopping big. You men who "dassn't," we say you go to P. A., natural-like! Because there isn't a bite in a barrel of this national joy smoke.

Unlimber your old jimmy pipe! Dig it out of the dark corner, jam it brimful of P. A. And make fire with a match! Me-o-my!

You get acquainted with Prince Albert in the toppy red bag, 5c; or tidy red tin, 10c, but for the double-back-action-joy, you buy a crystal-glass pound humidor. And then you're set! You see, it has the sponge-moistener top and keeps P. A. at the highest top-notch point of perfection. Prince Albert is also sold in pound and half-pound tin humidors.

HECK'S BAD BOY.

DON'T SCOLD, MOSHER!
THE CROSS CHILD IS
BILIOUS, FEVERISH

LOOK AT TONGUE! IF COATED,
CLEAN LITTLE STOMACH,
LIVER, BOWELS.

Don't scold your fretful, peevish child. See if tongue is coated; this is a sure sign its little stomach, liver and bowels are clogged with sour waste. When listless, pale, feverish, full of cold, breath bad, throat raw, doesn't eat, sleep or act naturally, has stomach-ache, indigestion, diarrhoea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels and you have a well and playful child again. Children love this harmless "fruit laxative" and mothers can rest easy after giving it, because it never fails to make their little "insides" clean and sweet.

Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

Deafness Cannot Be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional treatment. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed, you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this hearing will be lost forever. It is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free.
